- ✓ DICOM Send studies to ITX Cloud PACS for viewing from anywhere

Lead time: Subject to stock availability, transit times and radiation licensing. Estimated shipping date to be provided once the purchase is confirmed.

Why Chison: Research facilities (5) in the US and China continue to produce high performance transducer and system design which is backed by a strong technical workforce of engineering professionals. Chison has specialised in the development and manufacturing of high quality ultrasound systems for over 16 years. Chison's 305+ employees oversee and ensure each system is manufactured to the highest standards of quality and reliability. Chison is ISO & CE (Therapeutic Goods Australia eligible) certified by TUV in Germany, and has also received FDA approval from USA. ATX is pleased to introduce Chison to the Australian market.
